"Punitive Shelling" by Artillery  
Follows Ultimatum, Ignored  
by Chinese, Demanding Evacuation of Area.

### WOMEN ATTACKED

Two American Women at Peiping Charge They Were Kicked, Shoved by Japanese.

Shanghai, July 20 (AP)—The Chinese arsenal and barracks at Wangpinghsien burst into flames, the Domei (Japanese) News Agency reported tonight, under punitive shelling by Japanese artillery. Fighting broke out at Wangpinghsien and other positions just to the west of Peiping at 2:30 p. m., two and one half hours after an ultimatum demanding Chinese evacuation of the area had expired.

Fire still raged in the Chinese barracks at 5 p. m. tonight (5 a. m., E. S. T.).

The Japanese version was that their troops were acting in retaliation for "unprovoked and intermittent Chinese firing against Japanese lines."

The Japanese artillery began its advance against Wangpinghsien under fire from Chinese field guns. The advancing Japanese units returned the fire, and after a brief exchange the Chinese guns were silenced. Chinese batteries across the Yungting river then took up the battle.

Japanese casualties were one killed and one wounded. Chinese casualties were not known. The gates into Wangpinghsien were closed, and trains for the south to Fengtai and other strategic junctions were suspended. Chinese sources said fighting also was going on at Fengtai, unconfirmed Chinese reports stating that Japanese had been driven back from that point.

The crisis again appeared menacingly dangerous. Nanking, however, said Premier Generalissimo Chiang Kai-shek had returned there from his summer residence at Kuling, ready to take full charge of Chinese plans to offset what Chinese consider to be a Japanese incursion in North China.

### Kicked and Shoved

Peiping, China, July 20 (AP)—Two American women were kicked and shoved, they told the United States Embassy today, by Japanese sentries on guard before the Japanese Embassy.

The women were Mrs. Helen R. Jones, of Detroit, Mich., and Miss Carol Latrop, of Washington, D. C.

The American Embassy said it was calling attention to the attack on Japanese officials, after deposition were made by the two women.

Mrs. Jones related: "We were walking toward the hotel through the embassy quarter, deciding that was safest due to martial law. We were walking in the center of the street, talking on personal affairs, and not on the sidewalk. Suddenly we were terrified by a 'Japanese war cry' from the sentries who rose up behind sandbag barricades. At least three sentries, besides the two first visible, charged us, giving Carol a terrific shove."

"Kicked Her in Side"  
"Carol burst into tears, then the sentry kicked her in the side. Meanwhile, another sentry held me fast with the flat of his bayonet."

"In the midst of the confusion, I saw a machine gun mounted on a barricade staring me in the face. They made a loud clamor shouting around although, of course, we couldn't understand Japanese."

"Finally they let us go, shoving us off roughly and giving me a final and very forceful kick. We went toward the U. S. embassy and contacted the U. S. embassy guard and made an official report. The front of the Japanese embassy was well lighted and it was impossible that they couldn't see we were women."

Mrs. Jones has been here for a year. Miss Latrop is visiting relatives. The incident occurred at 9 o'clock last night.

### Japanese Open Fire

Shanghai, July 20 (AP)—The Domei (Japanese) News Agency reported the Japanese artillery opened fire on Chinese positions west of Peiping at 2:30 p. m. today, two and one half hours after an ultimatum demanding Chinese evacuation of the area had expired.

At the same time the news agency reported that families of Japanese diplomats, accredited to the central Chinese government at Nanking, planned to leave the capital for Shanghai by Friday.

The Japanese North China garrison had warned the commanders of the Chinese 29th army which has been fighting Japanese detachments since July 7 its troops would "take independent action" if the Chinese had not

## Brickyard Strike Ends Predicted Thursday, Conference Arranged

Pickets Still Active at Various  
Yards but Strike Loses  
Ground Slightly as Men Return to Several Yards.

### MARKET WEAKENS

Operators Quote Official Figures  
Showing Brick Market Has  
Lost Ground Since April.

A prediction by Labor Organizer Joseph Quinn that the brickyard strike in Kingston and the Hudson Valley would "likely come to a close on Thursday," and information from an official source that the brickyard operators would meet with the Brickhandlers Union No. 1467 to discuss an agreement between labor and employers, constituted today's developments on the local strike front.

Mr. Quinn would not amplify his statement any further and refused to make any public comment on the strike situation.

From another source it was learned that sometime tomorrow brick manufacturers in the Hudson Valley would meet in Kingston with a union representative to endeavor to settle difficulties. The official, who wished to remain unknown, was sure that an amicable settlement would result from the conference and like Quinn, he predicted work would resume Thursday or Friday.

The strike in the Kingston district today remained much the same as on Monday with a gradual resumption of work on some yards. In its sixth day the strike organizers seem to be slowly losing ground and instead of a general tie-up of the industry along the river from Haverstraw to Albany, there was slight "back-to-work" movement noticeable.

Union organizers on Friday predicted that Monday morning there would not be a yard operating north of Kingston, but instead the stoppage was spotty and today there was reported a resumption of work on at least two yards which were idle Monday.

The Hutton yard on North street and the Washburn yard at capacity today with more men reporting for work than could be used.

Rose Brothers at East Kingston, closed since the strike was called last Thursday, today was working a gang of men loading brick.

At Coymans, Powell and Minnock, whose yard was closed Monday, today had a large gang of men at work loading brick and Sutton and Sudeley at the same place had resumed operations with one out of three machines in operation making brick.

Repairs Being Made  
At the Terry yard of North street repairs were still being made to the boilers and the yard was idle. It was said that even though there had been no strike in effect this work would have stopped operations.

Brigham Brothers at East Kingston was loading brick from their plant today.

Meanwhile the strikers were picketing the various yards and at various points between Kingston and East Kingston groups of strikers were picketing. No disorder was reported and the pickets sat peacefully under steady trees or in cars with "unfair labor" signs posted in the windows or on boards along the road.

Sheriff Moloney has a force of 22 deputies scattered along the brick front from Kingston to Glasco and in the City of Kingston from the Hutton yard to the city line near East Kingston. Chief Wood had a number of police officers ready for any emergency.

Yesterday a worker at the Washburn yard was chased from his steam shovel in the sand pit by three men who ordered him away and he claimed that he had been threatened when he reported early this morning that he was endeavoring to get the shovel men, but an investigation showed that the report was false.

Word was sent to the sheriff's (Continued on Page Nine)

## Marconi, Conqueror Of Ether, Dies in Rome

Italian Inventor of Wireless Telegraphy, 63,  
Victim Early This Morning of Heart Attack  
at His Ancient Palace—Wife with Him

Rome, July 20 (AP)—The Marquis Guglielmo Marconi, who invented wireless telegraphy when he was only 21 years old, died suddenly at 3:45 a. m. today (9:45 p. m. Monday E. S. T.) at the ancient palace in downtown Rome where he lived and worked.

As the early Roman dawn came across the Alban hills, the 63-year-old conqueror of the ether, died quietly of heart paralysis. His widow, the Countess Cristina Bezzola-Scala, was at his bedside. She had been called back from the seaside resort of Viareggio when he began to feel ill yesterday afternoon.

Their daughter, Elettra Elena, whose godmother in Queen Elena of Italy remained at the resort and will not return to Rome until the state funeral. Today is her eighth birthday.

Premier Mussolini, whose ardent supporter Marconi had been, was notified of the death immediately. He dispatched a telegram of condolences and later went to Marconi's home in the Via Condotti and paid his respects beside the body.

Il Duce approached the bed, which was lighted at the four corners by tall candles. He paused, then bent and kissed the dead man on the forehead.

First Sign of Illness.  
The first intimation that Mar-

coni was not feeling well came yesterday afternoon when he was forced to cancel an appointment with Il Duce.

Pope Pius XI, with whom the inventor had had a long audience Saturday concerning the new radio station he was building for the Vatican, was notified by telephone at his summer residence at Castel Gandolfo. He sent a special blessing to the inventor.

Marconi had been closely associated with the Pontiff. The first radio station at the Vatican was installed by him and when it was inaugurated in 1931 it was Marconi who introduced Pius, the first pope ever to speak over the radio.

Despite his feeling of ill health yesterday afternoon, Marconi insisted on working on his latest microwave experiments. The Marquis Luigi Solari, head of the Italian Marconi Company, the inventor's biographer and lifelong friend, said that late yesterday afternoon Marconi came into his office "to talk about his microwave experiments."

Employees Affected  
The Marconi Company offices are in the inventor's home and today the employees learned of his death as they arrived for work. They stood together in little groups in the corridors whispering gravely among themselves. Many of them were weeping openly.

### Train Wreck Near Highland Causes Loss of \$25,000

An estimated appraisal of damage caused by the derailment of 25 cars of a New York, New Haven & Hartford freight train near the village of Highland on Saturday evening, fixed the loss at \$25,000.

An official investigation has been started to learn the cause of the wreck which effectively blocked both tracks from the time of the smash until one way traffic was opened about 3:45 Sunday afternoon.

District Superintendent J. W. Culneen of Danbury stated that the possibility of a split rail having been responsible for the wreck was out, because the roadbed and track had been in excellent condition. He believed that a broken wheel on one of the cars had caused the derailment.

The train, consisting of 86 cars, was bound for New Haven, Conn., with Engineer John Brobel of New Haven, and Conductor James McCormick of Maybrook, in charge. About 10 o'clock Saturday evening, as the train was approaching Highland, the 25 cars, comprising the middle section of the train, leaped from the tracks and piled up. The wooden cars were reduced to kindling wood and the steel gondolas were twisted and mangled as though torn by a mighty hand. About 500 feet of both eastbound and westbound track was ripped to pieces and had to be replaced. There were no casualties.

According to Superintendent Culneen, most of the damage occurred to the railroad cars, as he believed that a great part of the merchandise and freight could be salvaged. There were 15 gondolas loaded with coal in the derailed cars, and these spilled their contents all about the right-of-way. Three wooden box-cars carrying various items of freight were crushed, and other commodities scattered about the scene included a carload of graham crackers, cement, canned goods, and grained wool. It is reported that most of the derailed cars were so badly damaged that they will no longer be serviceable.

A gang of 70 men comprising work crews from New Haven, Danbury, and Maybrook, worked for over 10 hours to clear the tracks of the debris, and late Sunday afternoon both eastbound and westbound traffic was restored.

### Gatty Will Wed.

New York, July 20 (AP)—Harold Gatty, who circumnavigated the globe in 1931 with Wiley Post, and Miss Fenna Bolderhey, of Amsterdam, the Netherlands, announced their plans to marry today but kept the hour and place to themselves. The mother of the bride confirmed the fact that the marriage was scheduled for today.

### Tribute to Marconi

New York, July 20 (AP)—One minute of silence is to be observed on American networks Wednesday at 12 noon EST, simultaneously with the funeral services of Guglielmo Marconi in Rome.

### Woman Lawyer Slain

Miss Ethel Tutwiler (above), actress, was held as a material witness following the mysterious slaying of Mrs. Dorothy May Garland, 31, (below), attorney, formerly a member of the Los Angeles prosecutor's staff. Police were investigating a reported argument between the two over a \$100 bill. Both had been drinking, they said. A \$120,000 love-lift suit was pending against Mrs. Garland.

## Lehman Letter to Give Roosevelt an 'Out' in Court Plan

Albany, N. Y., July 20 (AP)—New York's political circles discussed today the possibility that President Roosevelt's self-styled "strong right arm" had been "self-severed."

In the wake of the unexpected opposition of the state's Democratic Governor Herbert H. Lehman to the President's court reorganization bill, Republicans and Democrats joined in the unofficial debate.

While he was governor of New York from 1932 to 1933, Mr. Roosevelt often called Lehman, then lieutenant governor, "my strong right arm."

A high Republican official who refused to be quoted personally, said in Lehman's letter to U. S. Senator Robert F. Wagner (D-N.Y.) asking him to oppose the proposal, an indication "the strong right arm has become self-severed."

At the same time, a Democratic leader who likewise declined to comment publicly doubted any severance, pointing to the portion of the governor's letter praising his predecessor's social program and asserting:

"I look forward to the opportunity of continuing to support (Continued on Page Nine)

Administration Spokesman Says  
New Compromise Measure  
May Be Solution to Party  
Difficulties.

### NO SHOWDOWN NOW

Opponents "to Continue to Discuss Measure" When it Comes up Again.

Washington, July 20 (AP)—An administration spokesman said today that a new compromise court bill possibly would be offered to win the support of the opponents of the measure now before the Senate.

This official, who could not be quoted by name, said there was very decided belief all around that the bitter contest over court reorganization in the Senate would "work out surprisingly satisfactory to all concerned."

He expressed these opinions after Vice President Garner had spent more than an hour at the White House with President Roosevelt.

Meanwhile on Capitol Hill Senate court bill opponents abandoned their plan for an immediate showdown on the court bill.

After an hour's conference with a score of leaders of the opposition Senator Wheeler (D., Mont.) announced it had been decided that when the bill comes up in the Senate again "we are going to continue to discuss the measure."

The developments at the White House and the Capitol came almost simultaneously when administration and opposition leaders began to get back to work after their journey to the funeral of the late Majority Leader Robinson in Arkansas. They returned here last midnight.

An administration spokesman said that no one in responsible positions in Washington was "furious" or particularly "frightened" by Lehman's action, least of all President Roosevelt.

### Awake New Leader

Washington, July 20 (AP)—Administration forces endeavored today to forestall a showdown on the Roosevelt court bill until Senate Democrats choose a new leader.

Opposition chiefs, although eager for a quick test of strength, showed some disposition to postpone for a day or two their motion to recommit the controversial bill to the Judiciary committee.

Members of both sides, returning from the funeral of Senator Robinson at Little Rock, Ark., said deadlock still prevailed on both the court issue and the leadership fight.

Strength in the latter contest was almost equally divided between Senators Harrison (D-Miss.) and Barkley (D-Ky.). It probably will be settled tomorrow morning at a closed caucus.

Senator Black (D-Ala.), a court bill supporter who canvassed the legislative situation yesterday with President Roosevelt and Attorney General Cummings, urged that the senate adjourn until Thursday.

This would give the new leader a chance to work out floor procedure for a test vote on the court measure. If a motion to send it back to the committee should carry, the bill would be sidetracked at least for this session.

The leadership battle was intertwined with the court dispute because Harrison's principal support from foes of the bill, Barkley's strength came largely from his friends, including a bloc of first-year senators.

### Committed to Bill.

Both candidates were committed personally to the bill.

With so much uncertainty existing both as to leadership and strategy in the court bill fight, the capital was filled with rumors. There were unconfirmed reports the President would insist on a showdown on the present bill, and conflicting word that further compromise was being discussed.

Wagner was urged yesterday in a letter from Governor Lehman of New York to oppose the bill.

The letter, which took the capital by surprise, said the President's program as a whole represented a great step forward in social legislation, but that the court bill would be contrary to the interests of the people and would create a "greatly dangerous precedent."

Both Wagner and Lehman have been loyal supporters of the Roosevelt administration. The New York senator refused comment on the letter at once, but was expected back in Washington during the day.

Postmaster General Farley said of Lehman's letter: "I was not at all concerned when I read the message." Other supporters said it would make no difference in the outcome.

Lees of the court bill, however, hailed the letter as "the final death blow" to the measure.

### One Woman Shot To Death, Left on Harlem Speedway

New York, July 20 (AP)—The body of an attractive young woman, shot three times near the heart, was found today sprawled alongside the roadway of the Harlem River Speedway, apparently the victim of an underworld ride. Her identity was not immediately established.

Her clothes were rumpled and dust-covered and from their appearance the police concluded she probably had been tossed from a car as it raced along the old road, near 166th street.

The woman wore a leather wind breaker, a purple blouse and blue skirt of rayon or silk, tan stockings and blue oxfords. She was about 30 years old, dark of skin and apparently of Spanish or Italian origin.

Detectives, summoned after the body was found by Patrolman James Walsh, of the Wadsworth avenue station, recalled the killing of Vivian Gordon, six and a half years ago. Miss Gordon, strangled to death, was thrown from a car in Van Cortlandt Park, after a life of dubious underworld connections. Van Cortlandt Park is about four miles from the Harlem speedway.

### Discovered by Patrolman

Walsh was driving along the speedway on patrol in the early morning haze when he spotted the body on the grass plot between the roadway and the sidewalk.

Sewed to the woman's dress was a small piece of cloth, bearing the name "Irma L. Pradier." Police judged it might be the name of a dressmaker or the name of the victim.

A Columbus Hospital surgeon found the woman had been shot twice below the heart and once above. Any one of these shots could have caused death, he said.

The Vivian Gordon murder, recalled by the police as the investigation of the speedway killing got under way, was one of the city's most spectacular crimes. It climaxed a period when gang rides as a means of eliminating competitors in the field of bootlegging, the policy game and the various rackets which flourished so mightily in prohibition days, had become fairly common.

In recent weeks there appears to have been a revival of the ride as a means to an unpleasant end. Last week two ride victims were found in Brookings. Whether they were bootleggers' victims or were rubbed out in a policy racket warfare the police have yet to determine.

Before today's crime, the most recent case of the killing of a woman took place about two weeks ago in a little hotel on the lower East Side. A young woman, strangled with a silk stocking, was found lying across the bed of a room she had engaged with a man. Her identity is still a mystery.

### Cunningham Recovers

Sergeant James J. Cunningham, who has been ill for the past two weeks has recovered and today resumed his duties with the State Troopers at Saugerties.

Port Ewen is taking on a gala appearance as decorations are being placed for the second annual convention of the Ulster County Volunteer Firemen's Association which will be held in the village Friday and Saturday. Broadway has been decorated with banners and flags extending all the way across the street and the business houses and residences are also being decorated by professional decorators.

The Eureka Shows, which are showing on the Commons, played to a good crowd last evening and the management has announced several additional rides and attractions which will be in place this evening. Free shows are featured for this evening at eight and 10 o'clock. The Eureka organization is showing under the auspices of the Port Ewen Fire Department and those attending this evening were high in their praise of the calibre of the entertainment.

The convention will get underway Friday evening at 8 o'clock with a business session of the organization at convention headquarters, Pythian Hall. This will be the annual meeting of the association and at this time, the officers for the ensuing year, as well as the time and place of the next convention, will be selected. Judge G. D. B. Hasbrouck has accepted the invitation of the evening, to address the delegates and his address should prove one of general interest.

### Port Ewen Host

The members of the Port Ewen Fire Department will act as hosts to the delegates after the business meeting at an entertainment at Spinnys. Arrangements have been completed by the entertainment committee to give the visiting delegates a fine time.

The big parade of the visiting firemen will be staged on Saturday afternoon and it is expected that some 25 companies will be in line. Major O. R. Hiltbrand and his committee in charge of the parade have been working diligently on the plans and it is expected the parade will be most successful. After the parade, the Port Ewen Fire Department will act again as hosts to the visitors taking part in the parade. Refreshments will be served to the visitors at the fire house, Pythian Hall and Southard & Belcher's Port Ewen garage.

The Ladies' Auxiliary members of the visiting companies will be entertained by the Port Ewen Fire Department Ladies' Auxiliary. Mrs. J. G. Reynolds, president of the Auxiliary, is in charge and her committee has made arrangements to see to it that visiting auxiliary members are taken care of.

### Heads Parking Plan.

Captain Charles N. Behrens, chairman of the parking and police committee, is planning to have the entire line of march well policed. Cooperating in this respect are Sergeant Hulse and Troopers Senecal and Baker. It is expected that several additional troopers will be sent into the territory to handle the traffic and policing detail.

## 100,000 Struggle To Control Madrid; 20 Killed by Bombs

Madrid, July 20 (AP)—Rival armies, each believed to have 100,000 men in action, fought the destiny of Spain today in the sixth day of the greatest encounter of the year-old civil war—"the battle for Madrid."

Confronted by a flood of seasoned reinforcements drawn by Generalissimo Francisco Franco from less active fronts, the government command spearhead of the insurgent lines west of Madrid with aerial operations calculated to demoralize the fresh troops and shatter their lines of supply.

Government bombers dumped heavy cargoes of explosives on Navalagamella by four raids in yesterday's operations alone. Thousands of insurgent troops were being rushed to the Valde-morillo and Quiljorna sectors in an effort to pinch off a 100-square-mile pocket which government troops had carved out of insurgent territory in a two-week offensive.

Twenty trucks bound for Navalagamella from Coberros, apparently the main insurgent concentration point on Madrid's western front, were bombed and machine-gunned by government airmen at daybreak.

The insurgent hope of seizing Madrid after more than eight months of siege and the government's hope of hammering back the siege lines rested in the immense, coordinated operations of infantry divisions, artillery and airplanes.

As Madrid Goes . . .

As Madrid goes, so the war is likely to go.

Insurgent infantry, protected by heavy gusts of artillery fire and by numerous tanks, pressed continuously on all the tows captured by Mija's "Allicianos" since the drive started. The government asserted, however, they were held at bay with a withering machine gun fire and showers of hand grenades. It was trench and artillery warfare of World War intensity.

Artillerymen back of both circling lines kept up a deafening duel. Government gunners planted shell after shell in the ranks of Franco's troops who came charging against the government trenches with fixed bayonets. With each explosion in their midst the disorganized infantrymen retreated.

The explosive noises of battle, mingled with the shouts of the fighters, spread a nerve-racking din over the dusty, shell-torn plains.

With the reddening of the sun in the west and the coming of night, the government declared its men had held all their positions.

### 20 Killed by Bombs

Headline, Franco-Spanish Frontier, July 20 (AP)—Twenty persons were killed and more than 100 injured in insurgent bombardment of Tarragona, Barcelona dispatches reported today.

Many buildings were destroyed by four insurgent bombers which swept over the town near Barcelona and the village of Cambrils last night.

The attackers circled twice to drop bombs, before anti-aircraft guns finally drove them off.

Insurgent onslaughts by land and air were reported by Generalissimo Franco's headquarters to have brought "an alteration" of battle lines on Madrid's western front.

Government reports asserted that yesterday's fierce fighting, the fifth day of the greatest battle of the civil war, ended with Gen. Jose Mija's troops still clinging to their newly-won positions on a salient into Franco's lines.

## General Motors and Ford Charged with Misleading Advertising of Products

Washington, July 20 (AP)—The Federal Trade Commission charged General Motors Corporation and the Ford Motor Company today with making "false and misleading representations" in advertising the prices of automobiles.

General Motors Sales Corporation also was named a respondent. The commission's complaint charged that advertisements for some General Motors and Ford cars result in "deception of the public and injury to competitors."

Saying the companies' advertisements usually feature large type a designated f. o. b. price for certain cars, a commission statement added:

"The complaints charge the advertisements are arranged in such a manner as to create the impression that fully-equipped cars so illustrated and described may be purchased at the f. o. b. or delivery point complete and ready for operation for the prices featured, or at other points for the featured prices plus the cost of transportation."

The cars so advertised, the commission alleged, are not those usually sold for the featured price. The featured price, it said, usually is the cost of the companies' less expensive cars.

The companies were given 20 days to answer the charges. Hearings then may be held after which the commission will decide whether to issue cease and desist orders.

## Asks \$25,000 For Loss of Eye

New York, July 19 (Special).—Charging the New York, Ontario and Western Railway Co. with responsibility for an accident that cost him the loss of his left eye, Charles W. Wegener of Wallkill

filed suit in United States District Court here for damages of \$25,000. Wegener claims he was injured in the company's round house at Middletown, July 18, 1935, when a steam gauge or boiler glass blew up. He charges the company with responsibility because of the alleged faulty equipment that resulted in the accident.

## WERE YOUR COAL BILLS TOO HIGH LAST WINTER?

You would be surprised at the amount of money you can waste in an under-sized, inefficient heating system in one winter. And generally a heating system that wastes fuel does not give sufficient heat when extremely cold weather comes around.

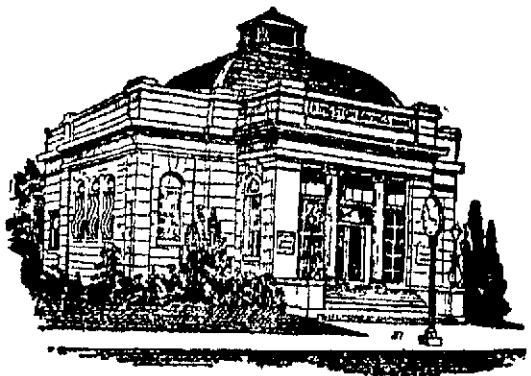

We know the causes of excessive fuel consumption. And we know how to remedy them. Ordinarily the cost of modernizing your system is paid for in a few years by savings in fuel. Frequently, we are able to show home owners why a new, modern Sunbeam Warm-Air Heating System is not an expensive luxury but a downright economy. When you consider that a new Sunbeam will always give you all the heat you want—clean heat, healthful heat—with very little attention and will burn less coal, you should ask us for a cost estimate. There is no obligation and time payment terms can be arranged. Let us talk it over with you today.

Guy Andrews is making extensive improvements to the property formerly owned by Tony Petraglia. The entire interior is being redecorated, and a new bathroom in addition to painting the exterior. The lawn has been raised, graded and decorated with evergreens.

Mr. and Mrs. George Weeks entertained Mr. Weeks' father, Abram Weeks, and Mr. and Mrs. Fred Weeks of Ashokan on Sunday.

Mr. and Mrs. Berton Delamater and son, Berton, motored to Manorkill to spend the week-end with Mrs. Delamater's parents, the Rev. and Mrs. Fred Hults.

Dr. and Mrs. Julian I. Gifford and Mr. and Mrs. Edward DeWitt of Kingston were entertained at dinner on Friday evening at the home of Mrs. Kate E. Beatty.

Mrs. M. Hager has returned to Brooklyn after spending some time with her daughter, Mrs. Daniel Froyland.

Spreading the fame of the 1937 Golden Gate International Exposition throughout the nation, approximately 2,500,000 California motor vehicles are expected to carry the words "1937 World's Fair" on the license plates during 1938 and 1939.

## 53 Scouts Attend Camp Half Moon

The summer camp of the United-States Council, Boy Scouts of America, known as Camp Half Moon, opened Sunday, July 18, with boys registering from Athens, Catskill, Greenville, Saugerties, Woodstock, Kingston, and New Paltz. Some 53 Scouts are in attendance at the opening week.

Sunday afternoon was an excellent afternoon for the opening of camp with the sun high, the breezes cool, and every one anxious to get down to the enjoyment of camp life.

The campers this year found some new additions to the camp staff including Howard Mosher, teacher in the Tannersville School, as leader of the Pioneer unit, Nelson Keables, of Catskill, as leader of the Ranger unit, and Edward Backus, teacher of Industrial Art in the Tannersville School, as director of handicraft. The other members of the staff include:

Fred Freer as leader of the Indian Village, Lincoln Spencer as director of water-front activities, John Snyder, as steward, and Wayne Wiseman, as chef. Lawrence M. Cahill of Saugerties, who has been the camp director for seven years, is in charge again this year.

The waterfront has been somewhat improved this year with the building of a large dock for the center of the pool and eliminating part of the old dock. This proved a welcome change in the camp water front.

Everything is ready for one of the biggest summers that the camp has ever enjoyed and the advance registrations at the opening indicate a new high would be reached in camp.

Summer camp not only gives boys a taste for camping as a life hobby, but should help them acquire out-of-door skills which are necessary for enjoying camping as a life-long vocation, claim Boy Scout leaders who are operating more than 700 camps throughout the country.

These camps, which are open practically at cost to the more-than-a-million Boy Scouts in America, are operated to give

boys training in the various techniques of camping, in swimming and water safety, as well as offering a program of activities crammed with fun and satisfying adventure.

Many features are planned for the summer so that every one will have a most enjoyable time. Visitors Day at camp is Sunday afternoon from 2 till dark.

Any one interested in camp and not yet enrolled is urged to do so at the earliest possible moment.

Any one desiring information

regarding the camp can secure same from the Council office at 277 Fair street.

**Annual Fair and Supper.**  
Flatbush, July 20.—The ladies of the Flatbush Reformed Church will hold their annual fair and chicken supper Wednesday, August 4, on the church grounds. Quilts, fancy articles, etc., will be for sale. Supper will be served on the lawn and in the church hall.

More than 100 species of spiders have been collected by an entomologist in the Great Smoky Mountains National Park. Spiders are not classified as insects, but arachnids.

A bill authorizing an appropriation of \$11,500,000 annually for use in making payments to state for the education of physically handicapped children, has been presented to the Senate.

## FLASHES OF LIFE SKETCHED IN BRIEF

By Associated Press

## Pressed for Time?

Camilla, Ga.—Editor B. T. Burson through his Camilla Enterprise thanked an unidentified prowler who left the editorial trousers after emptying the pockets.

Burson had one complaint: The intruder failed to fold the pants to preserve the creases.

## Doctorless Town

New Ross, Ind.—The death of Dr. Charles Riley has left this town of 350 persons without a

physician for the first time in 60 years. Dr. Riley had practiced here six years.

## Traffic Stew

Sterling, Colo.—Homer Van Epps, a bit animal conscious but uninjured told police: "My car struck a jackrabbit, snaked down the road and turned turtle."

## Like Milady's Check

Los Angeles—Asked if he could positively identify Harry J. Geer, in court on a forgery charge, as the culprit, Witness Harry Greenberg replied:

"I can't tell definitely unless he opens his shirt at the neck. The man who forged the check had lots of hair on his chest." Geer opened his shirt, bared his chest. It was as smooth as an onion.

"Case dismissed," said the court.

## They didn't See It

Houston, Texas—Motorcycle Officer Clarence Thrash saw a sedan at a parking meter with an overtime flag showing. He stuck a summons on the windshield.

An hour later, Motorcycle Officer Bill Allison saw the car and flag. He added another summons. Then came J. S. Bailey. He noticed the car and let out a whoop of joy. The car was his. Police had been looking for it since it was stolen Saturday.

Assistant City Attorney Rev. Poston said he didn't believe Bailey would have to pay the over-parking fines.

## NEW WRINKLE IN WAR: 5-MAN FIGHTING PLANE

This artist's drawing shows the new all-metal, 5-man fighting plane built at Buffalo, N. Y., for the U. S. Army. After undergoing preliminary tests, it will be sent to Dayton, O., and Langley Field, Va. Army men said the plane is a radical change from present fighting craft and that it could "overhaul anything in the air." It carries six machine guns and small bombs. (Official Photograph U. S. Air Corps, from the Associated Press.)

## WOODSTOCK

Woodstock, July 20—Mr. and Mrs. Joseph Drucker are expected back in Woodstock from a trip to California. Mr. Drucker flew there by plane last week, followed on the train by Mrs. Drucker, who visited in Chicago on her way west.

Mrs. Walter Steiner of Kingston, who has many friends in Woodstock, broke her wrist in a fall in her home last week.

The Rev. Chester McCahan, Mrs. McCahan and their daughter, Carol, are spending the month of July in Bearsville. The Rev. Mr. McCahan is associate pastor of the Reformed Church in

Poughkeepsie. The McCahans are friends of Mr. and Mrs. Harry G. Harper of Poughkeepsie, who have a summer home, "Glad Acres", in Bearsville.

The Woodstock Boy Scout troop realized nearly \$20 from the performance presented for their benefit by the Robert Elwyn dramatic students.

The Lydian Society held a dinner in the basement of the Reformed Church on Wednesday, instead of the intended picnic which was abandoned, because of the hot weather.

Mrs. Alice Coebran has returned from the hospital and is now convalescing from a major operation.

Neille Robinson, young daughter of Henry Morton Robinson, celebrated her birthday last week with a party for many of her friends.

The ladies of the Reformed

Church will hold a food sale on the church grounds on Wednesday, July 21, starting at 9.30 o'clock and continuing through the day. Early in August they will hold a fair and food sale.

Mr. and Mrs. Clark Sherman and children, Eleanor and Robert, were dinner guests one day last week of Mr. Sherman's sister, Mrs. Pearl Shultis.

Old and new members of the library book committee enjoyed an informal talk by Leon Whipple at a tea at the residence of Miss Helen Shotwell on Thursday.

Mr. and Mrs. Frederick Jaycox, Broadie, who have been visiting their mother, Mrs. Carolyn Broadie, have returned to their home at Ithaca.

Snipped from an exchange "Lots of fellows think they are hard-boiled when they are only half-baked"

## Alcoholic Tax Income Higher

Albany, N. Y., July 20.—New York state's alcoholic beverage tax collections for the fiscal year ended June 30 increased \$4,514.

186 over those for the preceding year. Mark Graves, commissioner of taxation and finance, announced today.

Total receipts for the 12 months were \$25,882,662, as compared with \$21,368,476 last year. One half of beverage tax money is apportioned to the localities and one half is retained by the state. From the total a small

portion is set aside for the maintenance of county control boards.

To get a blueberry bush that in warmer states will bear fruit of large size and high quality, Department of Agriculture workers are crossing the northern high-bush blueberry with selected plants of the highbush blueberry growing wild in southern states.

# RISING TIRE PRICES SOCKED BY GOODYEAR'S SENSATIONAL NEW "R-1"

Leader of World's Rubber Industry Takes Millions of Drivers off "High-Price Hook"—with Right Tire at Right Price at Right Time!

ADD this to all you've read about Higher Prices—and see if it doesn't cheer you. For prices are climbing—labor, materials, all production costs!

THANKS! That's what millions of car-owners now say to Goodyear for alertness in providing them First-Class Travel at Reduced Rates!

But there's good news from Goodyear! Rising costs put us really on our mettle to show you all over again how far Goodyear leads the world's rubber companies.

Months ago Goodyear saw the signs of higher costs—and met the threat with the tire industry's leading resources and talent.

We fought rising costs with brains and

ingenuity. And came through—with the husky, handsome new "R-1"—AT THE PRICE YOU'RE USED TO PAYING—the most sensational tire value of recent years!

## Sensational tire-value surprise!

This great new "R-1" incorporates the principles learned building "G-3" All-Weather tires, most famous in the world—and more than 23,000,000 Pathfinders! Principles of thrifty tire performance—safe going—sure traction—amazing mileage.

Every inch of this big, tough "R-1" is built to take it!

Extra "beef" in the massive tread—12% more rubber—gives longer wear. Flatter, wider tread gives more road-contact and traction. Shoulders higher and broader hold truer on curves.

It has all the great top-value Goodyear features! Center traction—the Goodyear Margin of Safety. Wider riding-ribs for easier steering and slow, equalized wear. And

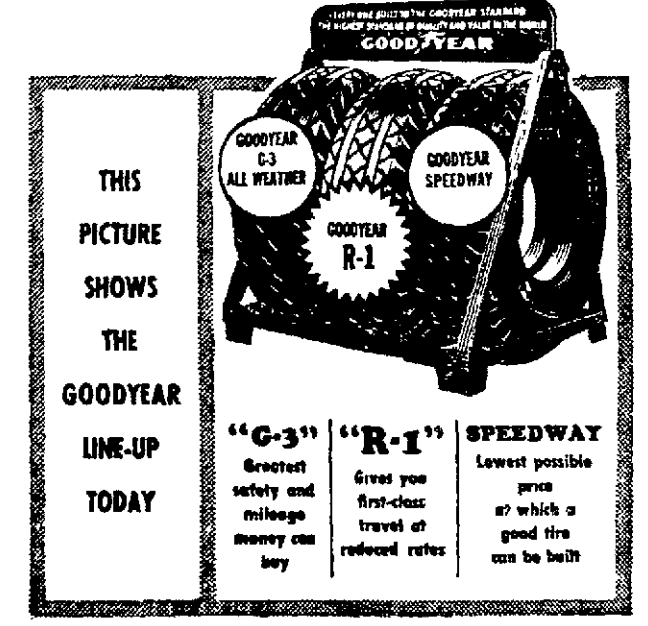

SITTING PRETTY—"riding with pride" on tires with real nation-wide reputation—THE leading make—at the price you're used to paying!

patented Supertwist Cord in every ply for maximum blowout protection.

Your nearby Goodyear dealer or Goodyear Service Store has the new "R-1" in your size. Go take a look—today!

THIS PICTURE SHOWS THE GOODYEAR LINE-UP TODAY

"G-3" Safest safety and mileage money can buy. "R-1" Great first-class travel at reduced rates. SPEEDWAY Lowest possible price at which a good tire can be built.

# CONSUMERS CANNOT EAT LIVE ANIMALS

[In daily touch with every meat, dairy and poultry]  
 consuming city, town, and hamlet in the United States]

CITY consumers cannot eat live cattle, hogs, sheep, and calves. Livestock must be made into meat before it can be eaten by the consumer.

In order to change livestock into meat, many services must be performed. These cost money. The number of services required by consumers is far greater in the United States than in Europe. For example, in the United States, the hog is separated into dozens of different cuts. Bacon, hams, shoulders, and other cuts are wrapped attractively, some in transparent wrappers. The Danish hog is cut into two sides and is sent to England where it is known as "bacon." These, along with other similar economic factors, explain the reasons why the "spread" between what consumers pay and producers receive is wider in the United States than in Sweden, Denmark, Holland, and other European countries.

In spite of the greater services demanded

by American consumers, the efficiency in the packing business of the United States enables it to average to return to producers from 75 to 85¢ out of every dollar that it receives for its meats and by-products. During 1936, the money that Swift & Company received for its meats, butter, eggs, poultry, cheese, hides, glands, sheepskins, and dozens of other products and by-products was paid out as follows:

76.0 cents	went to producers of livestock and other agricultural products
10.8 "	went for Labor (including wages and salaries)
3.4 "	went for Transportation
.2 "	went for Interest
4.1 "	went for Supplies
4.2 "	went for Rents, Taxes, Refrigeration, Insurance, Pensions, Traveling, Telephone, Telegraph, Stationery, Depreciation and other expense items
	Balance remaining with Swift & Company:
1.5 "	Net Earnings
100 cents	

## Swift & Company

Over a period of years, Swift & Company's net profits from all sources have averaged only a fraction of a cent per pound

## FINANCIAL AND COMMERCIAL

New York, July 20 (AP)—Rallying leadership rotated in today's stock market and, notwithstanding profit selling surges, favored issues climbed as much as 3 or more points.

Motors and utilities set the morning pace. Ralls then came to the fore and numerous specialties developed following. At the same time stocks and some other recent favorites took a rest.

Activity was pronounced in the first hour with blocks of 1,000 to 2,000 shares changing hands. Motor shares advanced and later utilities were reduced in many instances near the final lap. Many shares were at the rate of about 1-1/2 points.

Bonds improved. Commodities were mixed, with grains lower.

Chicago was easily the feature of the session, closing 110 for a year of nearly four points at the best. Chicago is leading over General Motors, New York, Yellow Truck, Motor Products, Consolidated Edison, Electric Power & Light, International Hydro-Electric, American Water Works, Santa Fe, Southern Pacific, Pennsylvania, Southern Railway, N. Y. Central, Northern Pacific, Seaboard, Brooklyn-Madison, Transp., C. S. Pipe & Foundry, Canada Dry, California Packing and Howe Sound.

About even to down a point or so were Sloss-Sheffield, U. S. Steel, Bethlehem, Republic, Goodrich, Westinghouse, General Electric, Alcoa, Westinghouse, Alcoa, International Telephone and Kennecott.

Hopes of an amicable adjustment of the present wage negotiations aided carrier shares. At the same time it was not overlooked that while Southern Pacific's June gross was up substantially, this road reported a much lower net.

Wimbledon, Eng., July 20 (AP)—In one of the most dramatic matches in Davis Cup history, Don Budge, the California red-head, spotted Baron Gottfried Von Cramm two sets and then beat him today 6-8, 5-7, 6-4, 6-2, 8-6 in the fifth and deciding match of the Interzone finals between the United States and Germany.

Budge's victory sent the United States into the challenge round against Great Britain.

Miss June Myers of 44 Franklin street had a tonsil and adenoid operation performed Monday at the Kingston Hospital.

The Misses Blanche M. Burr and Gloria McLean of Kingston have just returned home after spending their vacation with their uncle and aunt, Mr. and Mrs. F. M. Fede, of Yonkers.

Mrs. J. Niemeyer of 286 Albany avenue is regaining her health at Kingston Hospital where she underwent a serious operation June 22. Her many friends wish her a speedy recovery.

## Eleanor Jarrett Talks of Divorce

Cleveland, July 20 (AP)—Mrs. Eleanor Holm Jarrett, swimming star who was barred from the last Olympics, said today she had discussed a divorce with her orchestra leader husband, Art Jarrett, now appearing at the Dallas, Tex., exposition.

Mrs. Jarrett, star of Billy Rose's "Aquacade" at the Great Lakes Exposition in Cleveland, disclosed she had not seen Jarrett for 14 weeks but had told him by telephone a few days ago she wanted a divorce.

"But maybe there won't be any if we are lucky enough to get together somewhere," she said.

In the next breath, however, she said their careers had become widely divergent and she saw little hope of a reconciliation.

Mrs. Jarrett said she was "burned up" that her name had been linked in exposition gossip with that of Billy Rose, husband of Annie Brice.

"He has nothing to do with this," she said.

The Scholastic fire department's ancient hand pump, "The Deluge," is back in its stall after having carried off first honors as the oldest equipment exhibited in the Hudson Valley Volunteer Firemen's parade in Schenectady.

## SCIENCE SEEKS SOLUTION

Examination for power burns the coat worn by Dr. George Webster at the time he was shot fatally in his Providence, R. I., home, are Dr. C. W. Bohrer, state toxicologist, and Dr. Edward A. McLaughlin (above). Police are trying to discover who ordered hot dogs delivered to the house when Dr. Webster earlier had been with his family at their summer home 10 miles away.

## LATE HOURS MAY BE FATAL

Allice Elizabeth Gallo (right above), 18, leapt from a fire escape at her Boston home; plunged 45 feet to the pavement and was critically injured. Her mother, Mrs. Antoinette Gallo, and sister, Philomena, 19, admitted having beaten the girl to keep her from staying out late at night.

## Dental Officers Robbed Monday

Thieves gained entrance early Monday evening to the dental office of Dr. S. T. Levitas in the Kingston Trust Company branch building on central Broadway by smashing the glass in the office door. Gold estimated to be worth about \$25 was taken. The burglary was discovered by Abram Markson, a mechanical dentist employed at the dental office, at about 8 o'clock.

After gaining entrance the thieves ransacked the office, but a survey disclosed that gold was the only article stolen. Dr. Levitas was at his office shortly after 6 o'clock, so the robbery was placed between that hour and 8 o'clock when the burglary was discovered.

The Colonial Dental and Surgical Supply Company located on the top floor of the same building was also entered by the same manner and a few articles taken. Herbert M. Levitas, son of Dr. Levitas, is the owner.

The investigation started last evening is being conducted today by the local police.

## Admiral Sure Earhart Perished

Honolulu, July 20 (AP)—Navy planes and ships traveled 180,000 miles in the search for Amelia Earhart. Rear Admiral Orin G. Murfin disclosed today in a statement expressing belief the aviatrix and her navigator had perished.

"It is believed the search was effective and established beyond reasonable doubt that neither the plane nor its personnel are above the water in the area searched," Admiral Murfin said.

The hunt for the aviatrix and Frederick J. Noonan began July 2 when their plane was forced down near the end of their 2,570-mile hop from New Guinea to near Howland Island, 1,500 miles south of here. Miss Earhart was nearing the end of her "just for fun" flight around the world.

ST. REMY. July 20.—Sunday services will be: Sunday school at 1:30 p. m.; preaching by the pastor, the Rev. Philip Goertz, at 2:30 p. m. The officers will be installed.

Mr. and Mrs. Walter Hanna and son, Norman, of New Jersey, are guests of Berton Shults and family.

Mrs. Margaret Ryan is making extensive improvements to her residence, installing a bath room, etc.

## Wife's Curse Revealed in Oldest Greek Papyrus

The oldest known Greek papyrus, the so-called "Artemisia's Curse," dating from the Fourth century B. C., one of the proudest possessions of Vienna's National Collection of Manuscripts, tells a curious and pathetic tale.

Artemisia was a Greek wife living in Memphis at the time of Alexander the Great. Soon after the death of her daughter, the family must have been in financial need, for they pawned the embalmed body of the child. That was frequently done in ancient Egypt where the creditor, in view of the prevailing cult of the dead, was reasonably certain that the family would redeem the body.

In this case, however, Artemisia's husband seems to have been an unscrupulous fellow who did not care how his daughter fared in the other world. He ran away from his family, leaving the body in the creditor's hands.

Artemisia, in indignation, cursed her estranged husband, put the malediction in writing and, to make it more effective, deposited it in the temple of Serapis of Memphis, where the nearly tied scroll was discovered in 1830 during excavations. It subsequently was purchased by the Hapsburgs for their Vienna collection.

The oldest Latin papyrus, a military document dating from the time of Augustus, likewise is contained in the Vienna collection.

Morris Levy, 20, of Brooklyn, arrested this morning on Broadway, near the West Shore, for possession and transportation of alleged gambling machines, was held in \$25 bail when arraigned before Judge Gill in police court. His hearing will be held Wednesday at 10 a. m. Levy said he was on his way to Pine Hill.

Howard Shrubey, 38, of Brooklyn, was arraigned this morning on a charge of driving without a certificate of registration and had his hearing adjourned. He was arrested this morning by Patrolmen George Bowers and James Burns.

Milton Thomas, 43, colored, of Waterford, Va., arrested early this morning by Detective Homer Goodsell of the West Shore railroad for train riding, was sentenced to three days in jail.

Frank Joyce, 40, of Albany, arrested early this morning on East Strand by Patrolmen James Welch and Thomas McGraw for public intoxication, drew a suspended sentence with orders to leave the city at once.

Malcolm Clair, 43, Kingston, was given a suspended sentence when arraigned for disorderly conduct. He was arrested by Patrolman Howard Kline Monday afternoon on Wall street.

**FINICKY APPETITES OFTEN ONE RESULT OF CONSTIPATION**

When nothing tastes right, and you don't eat as you should, the trouble may be common constipation. Poor appetite is one of its symptoms. Others are headaches, listlessness and sallow complexions.

Constipation is usually due to "low-bulk" meals. Serve your family Kellogg's All-Bran—a generous source of "bulk."

Within the body, this food absorbs twice its weight in water and gently exercises and sponges out the system. How much better than taking pills and drugs!

All-Bran also supplies vitamin B to tone up the intestines, and iron for the blood. Two tablespoons daily are usually sufficient. Three times daily, in severe cases. Serve as a cereal with milk or cream, or cook into appetizing muffins, breads, etc.

Sold by all grocers. Made by Kellogg in Battle Creek.

**Judge Grants Plea To Kill Conviction Of Alleged Robber**

Newburgh, N. Y., July 20 (UP)—County Judge Jonathan D. Wilson granted today a defense motion to set aside the conviction of George Phillips of New York City in the \$14,000 Pine Bush Bank robbery in which one man was slain.

Judge Wilson also ordered a new trial for Charles Rozea of New York City, who was convicted with Phillips. He denied a motion for a new trial for John J. Stewart of New York City, convicted in a separate trial for the same crime. Stewart is in Sing Sing Prison serving a 30-to-60 year term.

District Attorney Henry Hirschberg said he may seek to hold Phillips, now in the Newburgh jail, as a material witness pending the retrial of Rozea this fall. Rozea, Phillips, and Stewart Wallace of New York City were convicted by a jury of first degree robbery last December in Goshen. Wallace was sentenced to 20 to 60 years. The sentences of Rozea and Phillips were deferred pending motions for a new trial.

Judge Wilson held that identification furnished at the trial was insufficient to warrant a conviction for Phillips. He declared Rozea was entitled to a retrial because of a remark of a juror.

The Pine Bush Bank was robbed in May 11, 1935. A man identified as John Mahoney of New York City was slain during a gun battle with officers.

**Hasbrouck Park Show Wednesday**

Hasbrouck park boys and girls will again entertain their parents and friends Wednesday night at the park at a campfire program on the hill with Fred L. Van Deusen, local magician as the chief attraction of the evening. No admission is charged at the campfire programs, and a cordial invitation is extended to all to be present. Preceding the camp fire which is scheduled to begin at 8:45 o'clock, will be a soft ball game between two of the park teams, beginning at 7:30 o'clock.

Interest is prevailing at the park in the coming "On Wheels Carnival" with wheels, lumber, etc., being secured to make push-mobles, scooters, and a chariot to enter in the various races. Considerable interest is being displayed also in the decoration of bicycles and doll carriages for the carnival. The boys and girls will meet at the park at 1 p. m. on Thursday and parade to the carnival site. Scooters, push-mobles, and the chariot will be on display Wednesday evening.

The Democrat added that it "may be possible" the letter was written to give the President an "out" on the plan which has precipitated protracted congressional debate.

Others, both Democrats and Republicans, held the belief Lehman's statement was time to delay temporarily the pending vote on the proposition, and one anti-New Deal Democrat saw the letter as "a hopeful sign of party salvation."

Lehman, vacationing at Hot Springs, Va., declined to discuss his action as did Senator Wagner, an ardent supporter of the New Deal.

Charles Harrigan Named Binghamton, N. Y., July 20 (UP)—A defense handwriting expert today attributed two of five alleged ransom notes in the 1933 O'Connell kidnaping to Charles Harrigan. Harrigan is one of eight men on trial for the crime. The witness, August Hartkorn, New York City handwriting authority told of taking specimen writings from Manning Stew, another defendant, and Harrigan at the Broomer county jail early this month. The government contends Stew wrote all five notes.

office that shots had been fired in the vicinity of the sand pit but an investigation by guards at the plant disclosed that the shots had been fired a considerable distance away and in fact the shooting was so far from the sand pit operations that it was impossible to tell just where the shots had been fired. In the face of the alleged threats, made Monday toward the worker on the shovel, a guard is maintained in the pit during the working hours.

Week Market. With the strike seemingly on the wane, manufacturers saw a resumption of operations although several of the operators on the river have stated that because of the weak market for Hudson river brick there is no desire to resume full operations at this time.

While operators maintain there is a weakening of the demand for brick, the strike officials claim this is an idle threat to weaken the cause.

Despite the contention of the strike officials, who are sponsoring the strike of brickyard employees, that yards should be operating at capacity now figures show that there has been a 45 per cent reduction in actual sales of Hudson river brick in the New York market since the middle of April. This is due to a falling off of construction.

For the week of April 12-17 the

Brick Manufacturers Association of New York reported sales amounting to 11,410,000 brick and for the week ending July 10 the sales reported in the market were down to 6,134,000 indicating close to a 60 per cent drop in demand.

# Marconi Dies In Rome Today

(Continued from Page One)

to spend the whole summer aboard his yacht Elettra conducting experiments," Solari said. "His idea was to adapt the microwave to long range transmission. Marconi was very hopeful of the success of these experiments and they are in such shape and have reached such a point we can go ahead with his work."

Solari said that "Marconi had a great affection for the United States. Next to his own country he had a greater love for America than any other country."

Among the thousands of telegrams of condolence already pouring in was one from Alexander Kikh, charge d'affaires of the United States embassy, who sent it in the absence of Ambassador William Phillips on vacation.

## Body In State

Marconi's body will be removed to the historic Farnesina Palace, headquarters of the Italian Royal Academy of which he was president, this afternoon to lie in state in the blue robes of an academician.

Following a preliminary funeral service in Rome, the body will be taken for burial to Bologna where he conducted his first experiments in a barn on his father's country estate.

Morning newspapers published special editions which were sold out immediately to the crowds that swarmed around the newsstands. It Messaggero's comment was considered representative:

"This is not only a loss to Italy but all the world, a loss for science and for all humanity. With him disappears one of the sovereign geniuses who, because of the glory of their efforts, are sufficient unto themselves."

Marconi had been in apparently good health for the last few days although he had suffered serious illnesses in the last two years.

Marconi's life in the '20's was devoted largely to developing science under Fascism. As president of the national council of research, to which post he was named by Mussolini in 1928, he guided that body into control of virtually all scientific investigation in Italy. When League of Nations sanctions were applied to Italy because of the Ethiopian war of 1935-36, the council in the first line trenches of the economic battle. In 1930 it Duce also made him president of the Royal Academy of Italy.

While the dedication of so large a part of his time to government scientific bodies cut into his own research, the inventor managed to go ahead with his work on wireless. He concentrated principally on communication via ultra short waves, which he called microwaves. First he established contact between points where no obstacles of land or buildings intervened, then in 1932 built a microwave telephone set which connected Vatican City with the pope's summer residence at Castel Gandolfo, 17 miles away. Later he extended this range to more than 200 miles.

## Military Device Kept Secret

In the summer of 1935, when the Ethiopian war impended, wide interest was aroused by rumors that Marconi had worked out an invention of great military value. He explained his apparatus to King Victor Emmanuel and demonstrated it to Mussolini and high army officers at Fort Braschi, near Rome.

The nature of this device was not revealed. Some of Marconi's

friends believed it was an application of microwave communication to army needs.

While Marconi's creative work was limited by his official duties and he always appeared in those years as a tired man, he engaged in many activities. In September, 1930, he lectured to the Italian Society for the Advancement of Science on the phenomena accompanying propagation of electric waves.

He personally supervised installation of the powerful Vatican radio station and it was inaugurated February 12, 1931, with the first radio address ever made by a pope and Marconi making the introductory address. At the same time he became a member of the pontifical scientific academy.

In July, 1930, the inventor became father of a daughter. She was baptized Elena by Cardinal Eusebio Parelli, papal secretary of state. Queen Elena of Italy was the godmother.

In 1931, Marconi represented Italy at the Faraday celebrations in London and delivered an address. He spoke again in London the following year and in 1933 went to the United States to visit the Century of Progress exposition at Chicago and receive additional honorary degrees from Loyola, Northwestern and Notre Dame Universities.

## Illnesses Overtake Weary Man

In December, 1934, he fell seriously ill from fatigue and was in a London nursing home until late in January, 1935.

The next September he went to Brazil to inaugurate a broadcasting station. He was made an honorary citizen of Rio de Janeiro and received a degree from the University of the Brazilian capital.

He was in Brazil when the Ethiopian war started early in October and he sailed for home bent on going to Africa to help in the radio communications of the army, but his shaky health prevented.

Instead he made two radio addresses to the people of the United States, presenting Italy's side of the war. He tried to make a similar address in England in December, but the British Broadcasting Corporation refused his facilities. Considerable publicity resulted and several British newspapers, determined to uphold England's cherished freedom of speech, printed the address he would have made.

En route back to Rome he was stricken ill on the train and spent two months convalescing. The fact that Marconi had a weak heart was revealed at that time.

Whether the slums make the people or the people make the slums is a question as hard to answer as whether the chicken came before the egg or the egg before the chicken. But Sir Raymond Unwin, a top authority on housing and city planning, says 90 per cent of English families provided with decent dwellings make good tenants. This testimony agrees with the recent agricultural discovery that a pig will keep clean if it has a chance.

# 47,500 Radio 'Hams' Help In Big Disasters

"FIVE METER DAY"  
Atop a hill overlooking San Francisco, Robert Rehnus gets set to communicate with other radio amateurs on an experimental 5-meter wave length in an attempt for greater distance.

By SAM JACKSON  
Feature Service Writer

San Francisco—Is a flyer down at sea? Is a ship on fire? Have floods cut off a city from normal communication with the outside world?

In emergencies like these some 47,500 amateur radio operators or "hams" as they like to call themselves, swing into action over the nation to backstop rescue work.

"They know that the big commercial and government radios probably will pick up all distress messages," says Robert Rehnus, who operates W6IXZ here.

"But there is always the chance that at some little amateur station conditions will be just right for reception of a life-or-death appeal that otherwise would be lost."

When Amelia Earhart was forced down in the Pacific many a set was tuned to her frequency of 3,105 kilocycles and many a hopeful but dubious message reported to the coast guard.

Today, says the American Radio Relay League, "practically no exploring trip starts to remote parts of the world without arrangements to communicate through amateur radio."

The government encourages and licenses amateurs, less for their peace time value than to provide

Modena, July 20.—The Modena baseball team met the Walkhill Indians on their field at Walkhill Friday at twilight, and in a seven-inning game scored seven runs to their hosts four. The regular team of Modena played, with Sutton and Rinehart forming the battery. Thomas Hens, managing, Walkhill borrowed players of another team, but failed to make the grade. A previous game with the Indians netted a tie score, calling for another game which was scheduled for Wednesday, but was called on account of rainy weather. Harold Titus of Walkhill is manager of the Indians team. Crowell and Doski, battery.

Residents of Ulster county who are planning to exhibit articles, etc. at the Ulster County Fair and picnic to be conducted Wednesday, August 25, at Forsyth Park in Kingston, are advised to make their entries on August 16, to be eligible to compete for a premium. Prizes will be awarded for exhibits listed thusly: Canned fruits, vegetables, meats; baked goods; quilts, table settings; furniture and slip covers; needlework; crafts and hobbies; stamps; photography.

The call of the quail, or "Bob White" is growing familiar in this section of the country, a satisfaction to the sportsmen, who are responsible for their existence. The persistent call of the quail signifies rainy weather, according to weather prognosticators.

Pike, bass and pickerel are being caught in great numbers, from Coles Pond, according to reports from the fishermen, and actual observation of passersby.

Mr. and Mrs. Arthur Seymour of Shokan were visitors in town, Saturday.

The Modena baseball team lost a game to Milton, Sunday afternoon, with a score of 8-0. A return game is scheduled for Sunday, July 25 on the Modena field.

# Once Called Traitor, Sung Defends Peiping

(By The AP Feature Service)

China's success in halting the Japanese in the Peiping area depends to a great extent upon which way one of its most adroit fence-sitters finally will jump.

The general chiefly responsible for Chinese policy up near the Great Wall is Sung Cheh-yuan, head of the council governing semi-independent Hopei and Chahar provinces. Sometimes he has seemed on the Chinese side of the fence; sometimes the Japanese.

## Promised To Be Friendly

After the Peiping incident, however, China counted upon him to defend the city, principal one in Hopei. One of China's mightiest generals, he commands the famous 29th route army, which gallantly, but vainly, defended the Great Wall against Japan in 1933.

The political council of his Hopei-Chahar state, inaugurated in December, 1935, was regarded as pro-Japanese. The territory it rules is as large as Texas and has 30,000,000 residents. Sung proposed to promote friendly relations with Japan and Manchukuo, and Japanese militarists applauded.

## "Traitor," Said Students

Thousands of Peiping students branded his activities as traitorous, but Nanking officially blessed

SUNG: Which way will he jump?

the new regime—perhaps as the best way to keep even a tenuous grip upon Sung.

Last year his officers called upon him to buck Japan's expansion. At the same time, Japan increased forces near Peiping to an estimated 10,000, as against Sung's army of 50,000 to 70,000.

New Paltz, July 20.—Ruth M. Becker, daughter of Mr. and Mrs. Herman J. Becker, of Greenville, and a graduate of the New Paltz Normal School, became the bride of Thomas J. Cawley of Highland. Miss Becker was a member of the Normal Agonian Sorority and served as president. Mr. Cawley is now vocational training director for boys at West Coxsack. The couple is on a wedding trip to Canada.

**Miss Messmer Weds**  
New Paltz, July 20.—Miss Marie Messmer, daughter of John E. Messmer, Sr., of New Paltz, was recently married to Edward McMenamin of New York city.

**Boese-Morgan**  
New Paltz, July 20.—Augusta Virmond Morgan, daughter of Mrs. Frederick Charles Morgan and the late Mr. Morgan of Pine Plains, became the bride of Walter Boese, son of Mr. and Mrs. William J. Boese, of Shore Acres, Mamaroneck, at 8 o'clock Friday night in the First Presbyterian Church at Pine Plains. The Rev. Charles Marshall Moser performed the ceremony. Miss Morgan is a graduate of New Paltz Normal School and Drew Seminary, and attended New York University. She was given in marriage by her mother and was groomed by her sister, who wore a train. Her full length tulle veil fell from a coronet of white satin and was held in place by orange blossoms. She carried a bouquet of white orchids and lilies of the valley. Marjorie Keating Barton of Ancramdale was maid of honor and the other attendants were Jean and Margaret Tiffin of Mamaroneck, Helen Mary Cole of Pine Plains and Mrs. George P. Johnson of Baldwin, L. I. The maid of honor wore a red-tinge of tea rose coral marquisette over satin with matching accessories and carried a sheaf of shaded blue delphinium and Tallman roses. The bridesmaids' gowns were delphinium blue chiffon and their bouquets resembled that of the maid of honor with Tallman roses predominating. The bride's mother wore navy blue marquisette with white accessories and the mother of the groom wore black and white dotted marquisette de sole. Both had corsages of orchids. William Glen McQuaker of Mamaroneck was the best man and the ushers were: George St. Ledger Fitzroy and Ernest Robert Eckley, Jr., of Mamaroneck; Charles Hapeman Case of Pine Plains and George P. Johnson of Baldwin, L. I. Mrs. Charles Marshall Moser played appropriate organ selections before the ceremony as well as Lohengrin's and Mendelssohn's wedding marches. A reception was held in the assembly room of the church for relatives and immediate friends after the ceremony. Later Mr. and Mrs. Boese left for a wedding trip and upon their return will reside at Mamaroneck where he is affiliated with the William M. Baxter Corporation. On Thursday night the bridal party was entertained at dinner at Ragamont Inn at Salisbury, Conn.

# Billy Wilson, New York Golden Glover, To Box Sorenson Friday

## Boxer Who Twice Beat Willie Smith To Duel In Main Five Rounder

Sorenson Ready To Put Up Hard Battle, Wants To Please Local Fans; Perry, Emerson, Elacqua on the Card.

The boxing fans who cheered Carl Sorenson, Watford light-weight, at the municipal auditorium, two weeks ago, will have another chance to see their favorite in action Friday night for the regular weekly attraction.

Sorenson is matched with Billy Wilson, New York 135 pounder, who beat Willie Smith, international champion twice. "Wilson should give Sorenson a lot more trouble than Smith," opined A. A. U. officials in sanctioning the match.

Two weeks ago, Sorenson substituted for Frankie Mirabile against Smith and hammered out a decision over the flashy little New Yorker. Some of the fans disagreed with the officials, but nevertheless Carl received the nod in the scrap which was his first since last March 14.

"Maybe Smith did win," said the intercollegiate champ, "I wouldn't say he didn't, but I will say that I'd like very much to return to Kingston when I'm in better physical condition and box for the fans here."

Last night the match between Sorenson and Wilson was put through, and they will go to it in the auditorium ring Friday night in the star five rounder.

In accepting the match, Sorenson said, "I feel fine and am ready to put up the sort of fight Klatsontans like. I hope Wilson will be too and I am sure the crowd will be pleased."

George Gansford, trainer of the New York Golden Glover, said his light-weight would be "in the pink for Friday." Wilson has fought practically all of the leading 135 pounders in the amateur ranks and has two decisions to his credit over Willie Smith.

"Wilson is even more colorful than Willie Smith, I think," Gansford said. "He moves around a lot, is hard to hit and can punch with plenty of zip. If you know what I mean."

This match is expected to pack the Broadway Punch Bowl. However, the card of six other scraps also will go a long way toward good box office business.

In the five round semi-final Phil Elacqua, Albany welterweight will toss leather with Warren Jones, New York stablemate of Wilson, a boy who is expected to give the capital city truck driver one of the hardest fights he ever had here.

Elacqua has been campaigning for approximately five years in the amateurs, and is one of the smartest fighters in the Adirondack A. A. U. He is the only minor purr who beat Tommy Zano, Chasco professional, before the local pugilist turned to the ranks of the money boxers.

In one of the special bouts, down for five heats, Sergeant Charlie Perry, of the West Point Cavalry, the soldier who holds two decisions over Scott's Pounder, will fight it out with Johnny Everett, of Schuylerville.

Everett, although not an outstanding scrapper, is a durable ringman who can punch hard and will take five to get one across. When he lands he always does damage, as Johnny Bleski will attest.

Buddy Emerson, the St. Remy Prize, who has taken it upon himself to box twice this week, will slug it out with Freddie King, Saratoga light-weight, rated as a real good boy, who fights similar to Sammy Rizzio, the upstart who beat Danny Romano last week.

Emerson's other duel this week will be Wednesday at the Salisbury open air arena in Catskill, with Patsy Motta as his opponent.

Winkie Meyers, Emerson's stablemate, will box Solly Nardillo, of Albany, in one of the three round preliminaries. In one of the others, Eddie Brown, of Hudson, will tangle with Charlie Decker, the Albany clown. There is still another three-framer to be added to the card.

Reserved seats can be obtained at the municipal auditorium now.

## Freshman Find

—By Pap

Lou Fette came up to the Boston Bees with a fine pitching record compiled with St. Paul of the American association. Fette pitched 28 complete games and won 25, led the A. A. in victory percentages, complete games, innings pitched (291), and in several other departments. Yet he did not impress Beekeeper Bill McKee. The Boston manager could not overlook the fact that Fette had celebrated his 30th birthday and had been knocking around the minor leagues for 10 years.

Too many ball players who have put in long service in the minors have acquired minor league habits which hurt their chances of making the grade in the big show.

Fette proved different. The right-handed veteran-rookie has been the Bees' big winner, boasting ten victories against three losses at the season's halfway mark. He had beaten every team on the National circuit with the exception of the New York

Giants. He had faced the Giants only in relief roles.

The Boston ace had four shutouts to his credit. He was forced to travel 13 innings to win two of 'em. On one other occasion, when he shut out Brooklyn, he went 12 innings before driving in the winning run with his own bat.

Fette thrives on work. He has never been anything of a benchwarmer or spot-pitcher. He takes his turn and faces whatever opposition comes along. With St. Paul last year he took part in 38 contests. The year before he broke into the box scores 43 times.

Curiously enough, he was rated a better basketball player than baseball player in the three years he attended Missouri Valley College. He started his professional baseball career by winning 20 games for Pueblo in 1928, as a Kansas City farm hand. He was with the Kansas City Blues until mid-season of 1933, when he was traded to St. Paul.

## CITY SOFTBALL LEAGUE

Tonight's Schedule

Coolerators vs. Clermont No. 1 at Hasbrouck Park.

R. P. W. vs. Kinney Shoes at the Fair Grounds.

Jones' Dairy Out

Jones Dairy has dropped out of the league and thus all games scheduled for this team are automatically forfeited to the opponents.

Art Kaplan's Appleknockers will hold a practice session at Barmann's Field tonight at 6:30 o'clock.

Results Last Night

Clermont No. 2 scored over the Central Hudson outfit 6-5 last night as Schussler outpitched Strong. Chet Williams featured with some nice hitting for the shirt-makers. Shinsabaugh and Tongue were the opposing catchers.

In another close game the Hercules nosed out the Universals by a 4-3 count with Avery the winning pitcher.

## Home Leaders Play Rosendale Tonight At Athletic Field

The second half of the City Baseball League will get under way at the Athletic Field this evening. Grunewald's Home Leaders, champions of the first half, will meet the rejuvenated Rosendale team. Rosendale was one of the two teams to beat the champs in the first half.

Manager Johnny Regan of the Villagers can call on either Dave Rask or Jim Jucker for pitching duties. Paul Rask or Hank Yonnet will do the receiving.

Toddy Uhl or Paul Misore will toss them up for the Bakers. Al Flanagan or Don Kelly will receive them.

Rosendale will present an old-time City League in the person of Ralph Williams tonight. Williams pitched in former years and turned in many good performances. He also was one of the best outfielders in his time. He will play in the outer garden.

Berard's lineup, which was not published with the others Monday evening, is as follows:

Berard A. C.

George Zadany, John Schatzel, John Berardi, Ralph DeCicco, Elmer Hopper, Tom Berardi, Julius Chick, "Spot" Cullen, Charles Rock, Tommy Maines, Jimmie Turk, Chappie Vanderzee, Eddie Rock, Bernie Tiano, and Jack Linden.

Manager Charles Diers of the Home Leaders announced that Leo Komosa will play with his team. Bud Swarthout will fill Komosa's place on the Kyanize roster.

Schedule for Week

Following is the schedule for the week:

Tuesday, July 20—Home Leaders vs. Rosendale.

Wednesday, July 21—Berard A. C. vs. Kyanize.

Friday, July 23—Rosendale vs. Hedricks.

Colonials Play Albany Sunday

The Kingston Colonials are scheduled to meet the Albany Black Sox next Sunday in a doubleheader at Hawkins Stadium in Albany. The teams played a 4-4 tie in nine innings here last Thursday.

The game with the Ethiopian Clowns has been postponed from this Thursday until the following week on July 29.

A special meeting of the Colonials will be held tonight at the Crystal Beauty Shoppe at 8 p. m. All members are urged to be present as important business will be discussed.

This summer the Biological Survey, United States Department of Agriculture, may have three biologists in widely separated regions north of the Arctic Circle investigating nesting conditions of wild ducks and geese. Meanwhile, the Yanks carried on their American League slaughter. Whereupon the Joe DiMaggio was the batting star on Sunday, Freshman Tom Henrich took up the burden yesterday against the Indians. His homer, double and single furnished four runs in the 8-5 triumph, thirteenth of the year for Lefty Gomez.

The White Sox kept their place six games behind the Yanks, by edging out the Red Sox, 6-4, for a clean sweep of the series, and the Tigers mauled the Senators for an 8-4 triumph.

The Reds and Bees in the National and Athletics and Browns in the American League had open dates.

Time other investigators of the Survey will be covering nesting areas farther south.

Game Comment

Bill Newkirk hurled the Fair Street Reformers to a 5-0 shutout over St. Remy last night at Forsyth Park to increase the Reformers hold on first place in the second half schedule. Although the score indicates a good battle, the game was marred by errors, with the winners scoring all their runs in two innings.

Ulster Park pulled a surprise by defeating the Clinton Ave. team 6-2. Les Herring and Chet Baltz were the opposing pitchers with Herring's slow ball again floating past the batters, going for dinky little hits that were easily taken in by the fielders, who backed up their pitcher with errorless support.

## "Pegleg" Dykes Leads White Sox

Chicago, July 20 (AP)—He's the dean of all American League infielders and "Old Pegleg" to his mates, yet Jimmy Dykes, in his 20th major league season, still is showing the youngsters a trick or two.

The rotund little Chicago White Sox manager, who'll be 40 years old next November 10, isn't breaking into as many box scores as he used to. But when he does, as happened yesterday, fans and players alike realize the great job he is doing.

His team was tied with Boston yesterday at 4-all in the eighth, with two on base. Dykes, with his leg so sore he could not place all his weight on it, went in to pinch hit and lashed a double to right-center which won the ball game.

A fast man could have made it a triple. Dykes, winching with every step, actually topped on one leg the last few feet to second base. It was a fifth straight win for the Sox.

Meanwhile, the Yanks carried on their American League slaughter. Whereupon the Joe DiMaggio was the batting star on Sunday, Freshman Tom Henrich took up the burden yesterday against the Indians. His homer, double and single furnished four runs in the 8-5 triumph, thirteenth of the year for Lefty Gomez.

New York, July 20 (AP)—Van Lingle Mungo, fireball ace of the Brooklyn Dodgers, fears his pitching days are over. . . . His mighty right arm is almost numb from elbow to shoulder. . . . Best doctors in New York are X-raying and diagnosing. . . . Mungo was batted from the box in less than an inning by the Cubs Sunday. . . . Well, there isn't a smarter little rooster in the majors than Dressen.

Hope Bob Feller doesn't feel hurt, but the Yankees (who should know) rate him no better than sixth as a speed merchant. . . . They place Van Mungo, Tommy Bridges of the Tigers and others above Feller. . . . It's "Colonel" Tallman now and you'd better salute, too.

The Texan, a former winner here, doesn't give himself much chance of retiring the Longwood Bowl. Instead he picks young Gilbert Hunt, of Washington, D. C., seeded eighth, as the probable winner.

Sights And Sounds

By ROBBIN COONS

**HOLLYWOOD**—Divorce rumors in filmland spread like blazes. Usually the principals, even if they're no divorce, know where the rumors started. But Neil Hamilton never did, until the other day when the long arm of coincidence reached out.

It was five years ago that rumor had Neil and Elsa spitting. It took them six months of steady denying—and that's hard work in Hollywood—to convince the gossips otherwise. When they returned from England recently, the story was so dead nobody thought of it—not even Neil—until he visited a desert ranch near here and met Neil Hamilton.

**Mistaken Identity**

The other Neil Hamilton is a ranch worker. Before the accident, the rancher Neil confided his cause of the rumors in Hollywood. The ranch Hamilton had divorced his wife about that time, and it was then the Hollywood Hamilton started getting inquiries. "And I know that explains it," says the Hollywood Neil, "because the first inquiries about me and Elsa came from that very region!"

Neil and Elsa have been away two years. When they returned from England, because Garbo has rented their house, but they probably will be returning to England in the fall anyway. Unless Neil accepts that African stage tour, in which case he'll polish up his magic. "I'll use that to compensate for any lack of histrionics the customers might notice."

It struck me, seeing Hamilton again, that Robert Taylor might take a few lessons in how to carry off handsome actor deals with the fatal course of beauty. It wasn't so long ago that Hamilton, who actually did pose for collar-ads once was getting the same unfeeling course of "treatment" at the hands of the local wits. Don't know that anybody ever called Neil "pretty."

—you don't when you know him, anyway—but for a long time the collar-ads lay on him heavily. Just at it lay, in his time, on the late Wallace Reid.

**Hopes They Last**

So I thought I'd learn—from Neil, for Bob—how Neil mastered the situation. But I got nowhere. "Boy," said Neil, with fervent humor, "if I've got any looks I hope they last—so I can keep on making out income tax returns!"

But Neil is the same debonair chap he used to be and still one of the best story-tellers in these parts. My favorite from his European sojourn is about the ex-Brown Derby headwaiter, exiled in Italy by the immigration authorities, who pines for Hollywood night and day while lording it over a little inn stuck away on the side of an Alp.

It doesn't pay to trust people too much. They're only human, you know.
